SQUASH NEW BUILD

New courts can be built using either traditional plaster or timber panels. Each system has its own advantages and disadvantages, but one of the two will be more suitable for your requirements.

Plaster

- Classic squash court playability
- Cheaper option
- Choice of glass or solid back wall available
- Building must be built to our specifications

Panel – m100

- Can be installed in any arena
- Panels are unaffected by any changes in temperature
- Glass back wall

SQUASH WALL RENOVATION

To keep your courts looking fresh and playing well, the walls need to be maintained regularly. There are several ways to do this, depending on the level of renovation needed.

Panel - m40

- Perfect for failing plaster due to structural movement
- Unaffected by temperature
- Made up of timber panels, with a cavity filled with sand between

Plaster - skim

- Defective areas are hacked off and replastered
- All walls are skimmed to the highest standard
- Gives squash court 'feel' and sound

Paint

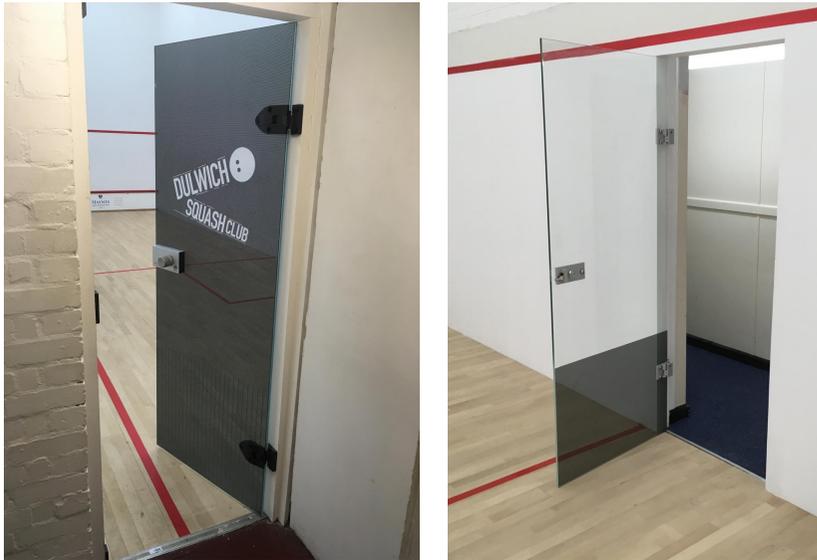

- All walls painted with high-quality paint to remove marks
- Cheapest option
- Best for courts which get less usage

GLASS WALLS & DOORS

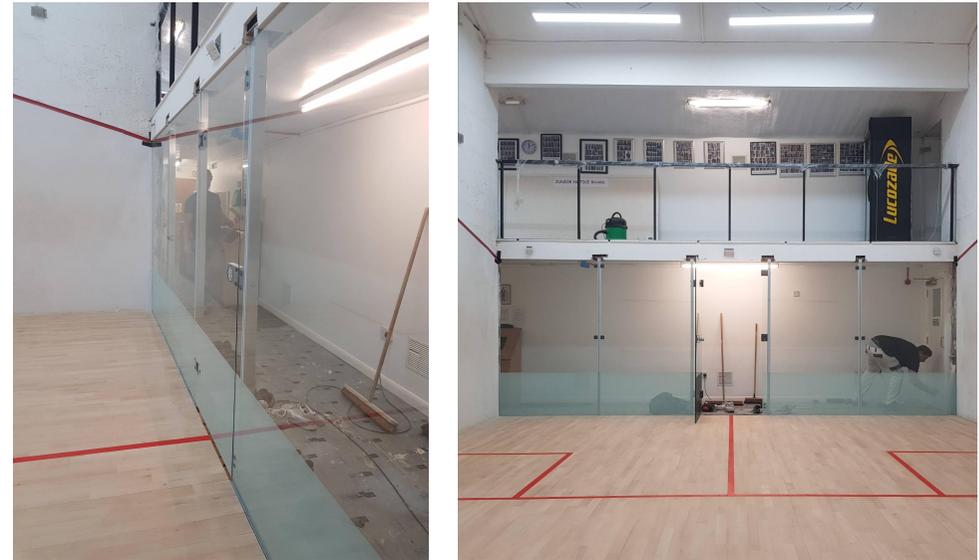

Adding glass components to your court noticeably opens up the space, both within the court and in the space around it too, creating a great environment.

Door replacement

- Removal of existing door and installation of 12mm toughened glass door, new door frame and Contravision.
- Contravision can be customised to any specification.

Glass wall

- Installation of 12mm toughened glass wall
- Suitable for wheelchair access
- Can replace existing solid back wall
- Various design and custom options available.

FIXED & ADJUSTABLE TINS

You may feel that your court needs an adjustable tin for those wanting to play at a higher level, or you may be happy with a fixed height tin. Either way, we can provide what you need.

Fixed Height

- 19" (480mm) high
- Gives plenty of space to advertise
- Custom vents can be cut for ventilation or heating

Adjustable Height

- 19" (480mm) high at extended height, 17" (430mm) high at lowered height
- Simple attachment system to easily move between the heights

GENERAL SQUASH MAINTENANCE

Every aspect of court maintenance you could need, as well as tailor-made discount maintenance packages.

markings
available

SQUASH PARTS & ACCESSORIES

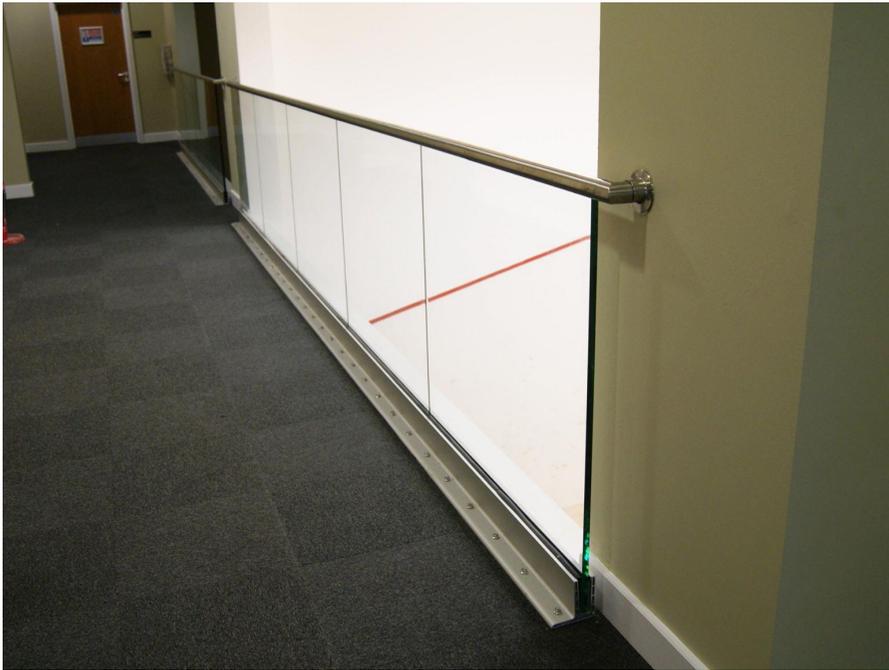

Sometimes it isn't worth calling out the manufacturer, so we stock many different squash court accessories, so you can do the small jobs yourself.

For example, our door handle solutions, or shoe sole test block are easy to install, so your court can be up and running as soon as possible.

GLASS BALUSTRADE

Our glass balustrade allows unprecedented viewing of play from above, and is a brilliant way to further open out your court space, as well as attracting more spectators. It uses a frameless system for unobstructed viewing, and can be customised in size and design.

LED LIGHTING

Lighting is a must for every squash court, so choosing the *right* lighting solution is key. We offer different ways of fixing lights to suit your needs.

JCC Skytile

- Ceiling or pendant mounted
- High efficiency rating lights could save you over 50% on energy costs
- Made from impact resistant polycarbonate
- Environmentally friendly and sustainable

PADEL COURTS

One of the fastest growing sports in Europe, padel is a great halfway house between squash and tennis. We offer several different types of padel court to suit your needs. All can be installed indoors or outdoors and are fully customisable.

VISION

Our base model - the perfect solution for all clubs.

FORTE

Similar to the VISION but ideal for harsher environments due to its thicker steel frame.

PANORAMIC

Our premium court with reduced steel frame for better visibility. Ideal for tournaments and exhibitions.

PADEL COURT ACCESSORIES

Your padel court can be fully customised, including multiple options for canopies, framework, lighting, surface, protection and scoreboards.

- Framework can be painted any colour
- Logos can be etched into glass or stuck on frame
- 3 different lighting options available
- Both closed and open canopies available for outdoor courts
- Turf type and sand colour can be changed
- Edge covers, scoreboards and data systems also available.

EVENT SYSTEMS

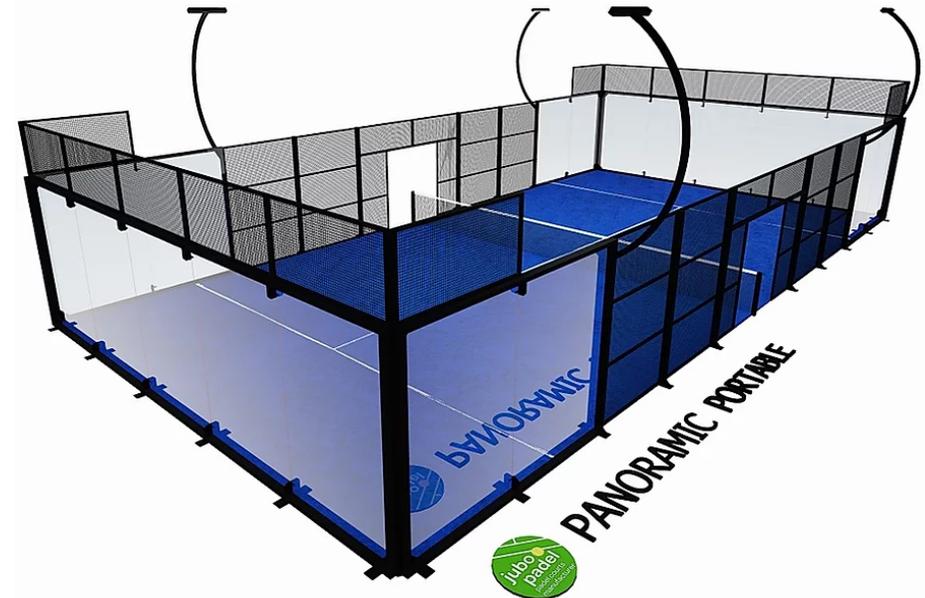

As well as permanent court construction, we also build temporary courts, either for a trial period or for events. Our event system hire scheme also contains a hire-purchase scheme as an option.

Squash

- Full glass court available for hire
- Great visibility and playing environment
- Perfect for events

Padel

- We offer portable versions of the FORTE and PANORAMIC courts, for events or as part of the hire scheme

SPORTS FLOORING

We offer multiple different flooring options, for squash courts and sports halls but the two below are our most popular.

Junckers

- Made of solid 22mm beech boards
- Highly durable, and thoroughly tested by Junckers.
- Can be sanded repeatedly
- Laid on cradles and battens with 10mm sprung foam

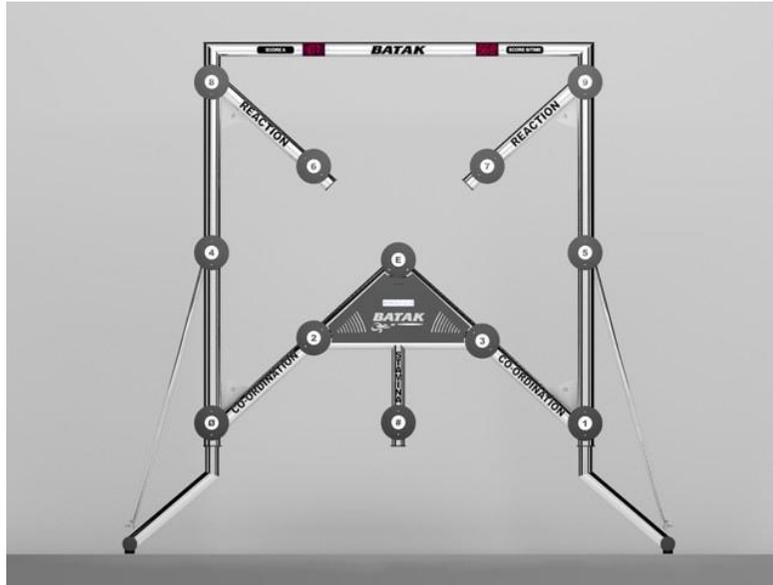

Boen

- Made of 5mm beech veneer with a 21mm board total
- Softer floor so softer on joints
- Semi-sealed and water resistant
- Humidity proof, and reliably doesn't move
- Laid on cradles and battens with 10mm sprung foam

BATAK HIRE

Perfect for all events, whether corporate or sporting, BATAK Pro is a great icebreaker. Our flexible hire schemes allow you to hire BATAK Pro for the exact amount of time you need it for.

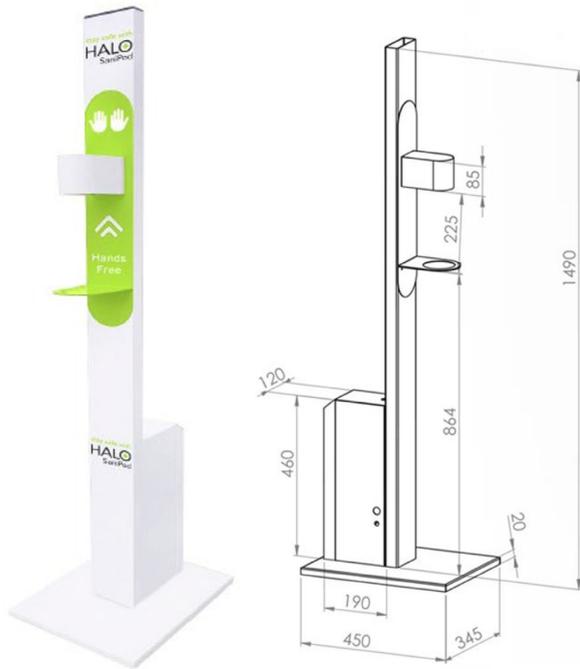

The BATAK Pro Reaction Wall tests essential skills for racket sports, including reaction times, agility and co-ordination, making it the perfect addition to any club event.

Short, but high-energy games make BATAK ideal for corporate events, where attendees can enjoy each others company in a less formal setting.

HAND SANITISER

To fully prepare your club for returning to play, hand sanitiser will be needed throughout the facility. We offer three different types of dispenser - each with unique properties, but all completely contactless. All are delivered ready for use and are lockable to keep refills safe.

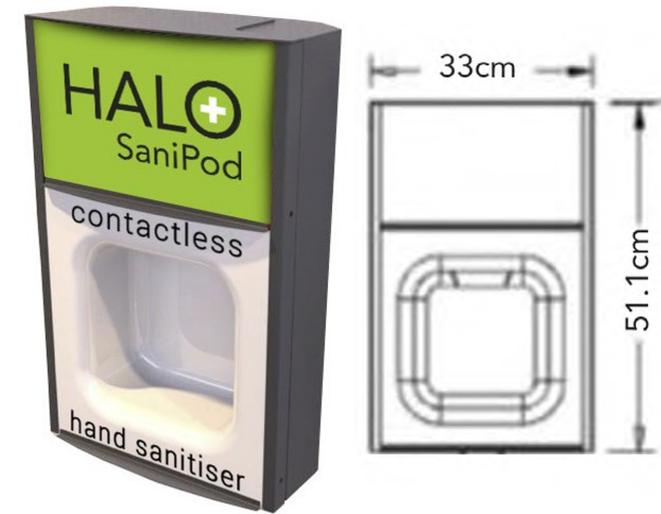

Floor Standing 1.6L Slimline

Floor Standing 20L Slimline

Wall Mounted 1L

OTHER SERVICES

Melior Sports also offers other services, primarily (but not exclusively) for racket sports. Please get in contact if you are interested in further information about any of these services.
